

LOW LEVEL DESIGN (LLD)

Intern ID: IN226008302

Project Title: RAG-Based Customer Support Assistant with LangGraph & HITL

1. Modules

Document Loader, Chunker, Embedding, Vector Store, Retriever, Workflow, HITL

2. Data Structures

State: query, docs, answer, confidence, escalate

3. Workflow

Retrieve → Generate → Decision → HITL

4. Routing Logic

Low confidence triggers escalation

5. Error Handling

Handles missing data and fallback responses
